WRAPS

The Commander is available with door, cabinet, and base wraps to give your pay station a strong visual presence.

The large surface area afforded by a free-standing Commander lets you enhance entry/exit lane visibility and market parking rates, companion businesses, or any other service you wish to promote.

If you opt for a custom design, our team will work closely with you to ensure your Commander matches your existing site branding and color scheme.

Don't have an identity yet, or looking for a new one? We also offer complete brand design services.

TOUCH SCREEN THEMES

Custom themes are a great compliment to a customized Commander wrap, and are available for any new or existing unit with a 10.4" touch screen.

We incorporate all elements of your brand to ensure a strong, consistent image is presented to your customers throughout the transaction process.

SPECIFICATIONS

- Cabinet size (both free-standing & brick-in):
  27 1/2" H x 21 3/4" W x 11 7/8"
  101.6cm H x 67.3cm W x 40cm D
- Door: 11 gauge stainless steel
- Cabinet (brick-in): 11 gauge carbon steel
- Cabinet (free-standing): 11 gauge stainless steel
- Bases available in 26" and 32" heights
- Power: 120 VAC, 60 Hz
