# COMPLETE AVAILABLE FEATURES

## 10.4" TOUCH SCREEN DISPLAY

A fully-customizable display with video animations guides your customers through the transaction process with ease.

## CUSTOM DOOR, CABINET, AND BASE WRAPS

Promote your brand and service offerings with custom vinyl wraps.

## MARKETING OPTIONS

- **Wash Bundles\***  
Encourage repeat business by offering pre-paid wash bundles. A unique code is printed on a receipt, which the customer then scans until the bundle is depleted
- **Buy-Ups**  
Increase average ticket prices by offering Buy-Ups on lower tier washes
- **Receipt Codes\***  
Issue time-sensitive discount codes on receipts to incentivize more frequent return visits
- **Programmable Event Times & Pricing**  
Automatically adjust prices and service offerings
- **Gift Cards**  
Loyalty and fleet card capable
- **Pay-at-Pump**  
Point of Sale (POS) Code Systems available with Pay-at-Pump capabilities (on-site or remote solutions available)

## CHIP CARDS & CONTACTLESS PAYMENT\*\*

Customers with contactless-enabled cards simply tap the reader to make payment. The reader also accepts regular chip cards, Apple Pay, Google Pay, and Samsung Pay.

## LOYALTY PROGRAM INTEGRATION

Fully-integrated with Hamilton's Custom Mobile App, and Expresspass LPR and RFID programs.

## ERGONOMIC DESIGN

All payment options are conveniently located together in the middle of the pay station to minimize driver reach, regardless of vehicle type.

## CABINET OPTIONS

Available in both free-standing and brick-in configurations that are dimensionally identical to Gold Line and ACW pay stations. Upgrading to Commander will not require any additional concrete or masonry expenses.

## CASHLESS OPTION

Looking to go cashless? Commander can be configured to accept credit cards, gift cards, and mobile payments only.

\* Wash Bundles & Receipt Codes require a silver Hosted Solutions subscription & D.A.N. system

\*\* must use Worldpay for credit card processing

## BARCODE SCANNER

Validates mobile app codes, wash bundle codes, receipt codes, single use codes, and promo codes.

## CARD PROCESSING

- ID TECH VP6800 EMV chip card reader (USA market)
- Verifone UX EMV chip card solution (Canadian market)
- Thermal receipt printer

## CASH MANAGEMENT

- Validator options: XE or Mars® Cashflow
- Multi-coin acceptor (accept up to 12 coin types or tokens)
- One 1,000 (approx.) quarter capacity hopper

## CONVENIENCE & SECURITY

- Bi-lingual automated voice prompts (customizable)
- Back-end management system with remote access
- High security MEDECO® locks
- High security door
- Equipment status & access notifications
- Constant Voltage Transformer (CVT)
- Ambient light sensor to adjust screen brightness
- ETL listed
