

Hamilton offers stickers for Gold Line and ACW units with wash names, functions, and pricing. Our new sticker sets retain the same content as the previous version, and also adds wash names currently trending in the industry.

The sets are available in either white or blue colors, and are produced on an air-release vinyl that allows air bubbles to be easily pressed out. Durability of the numbers and letters is also enhanced due to an improved production process.

***New part numbers are as follows:***

- **96-5091B** - BLUE
- **96-5091W** - WHITE

### ORDERING STICKER SETS

To place an order for a sticker set, please email [parts@hamiltonmfg.com](mailto:parts@hamiltonmfg.com) and state the part number you would like (96-5091B for BLUE, 96-5091W for WHITE). Alternatively, you can call (800) 837-5561.

### CUSTOM PANELS

Hamilton offers custom panel design if you wish to incorporate your brand into the Gold Line. Please email [artwork@hamiltonmfg.com](mailto:artwork@hamiltonmfg.com) for further information.

### VOICE OPTIONS

The Gold Line sound module includes corresponding voice prompts for some, but not all, of the available wash name options. Any name designated with a '♦' symbol on page 1 has a matching voice prompt.

If you would like Hamilton to produce custom voice files for your wash, please complete and return form #1008 - **Custom Voice Order Form**.
